

Business / Banking SBLC/BG [TOP25]

Buy SBLC/BG Ticket Mini 100M

Dear Sirs,

Thank you very much for your attention to us.

We can help you with the release of BG / SBLC

Each transaction depends on the client, the issuing bank and the amount of the contract.

Before submitting DEED OF AGREEMENT, please consider and measure your options.

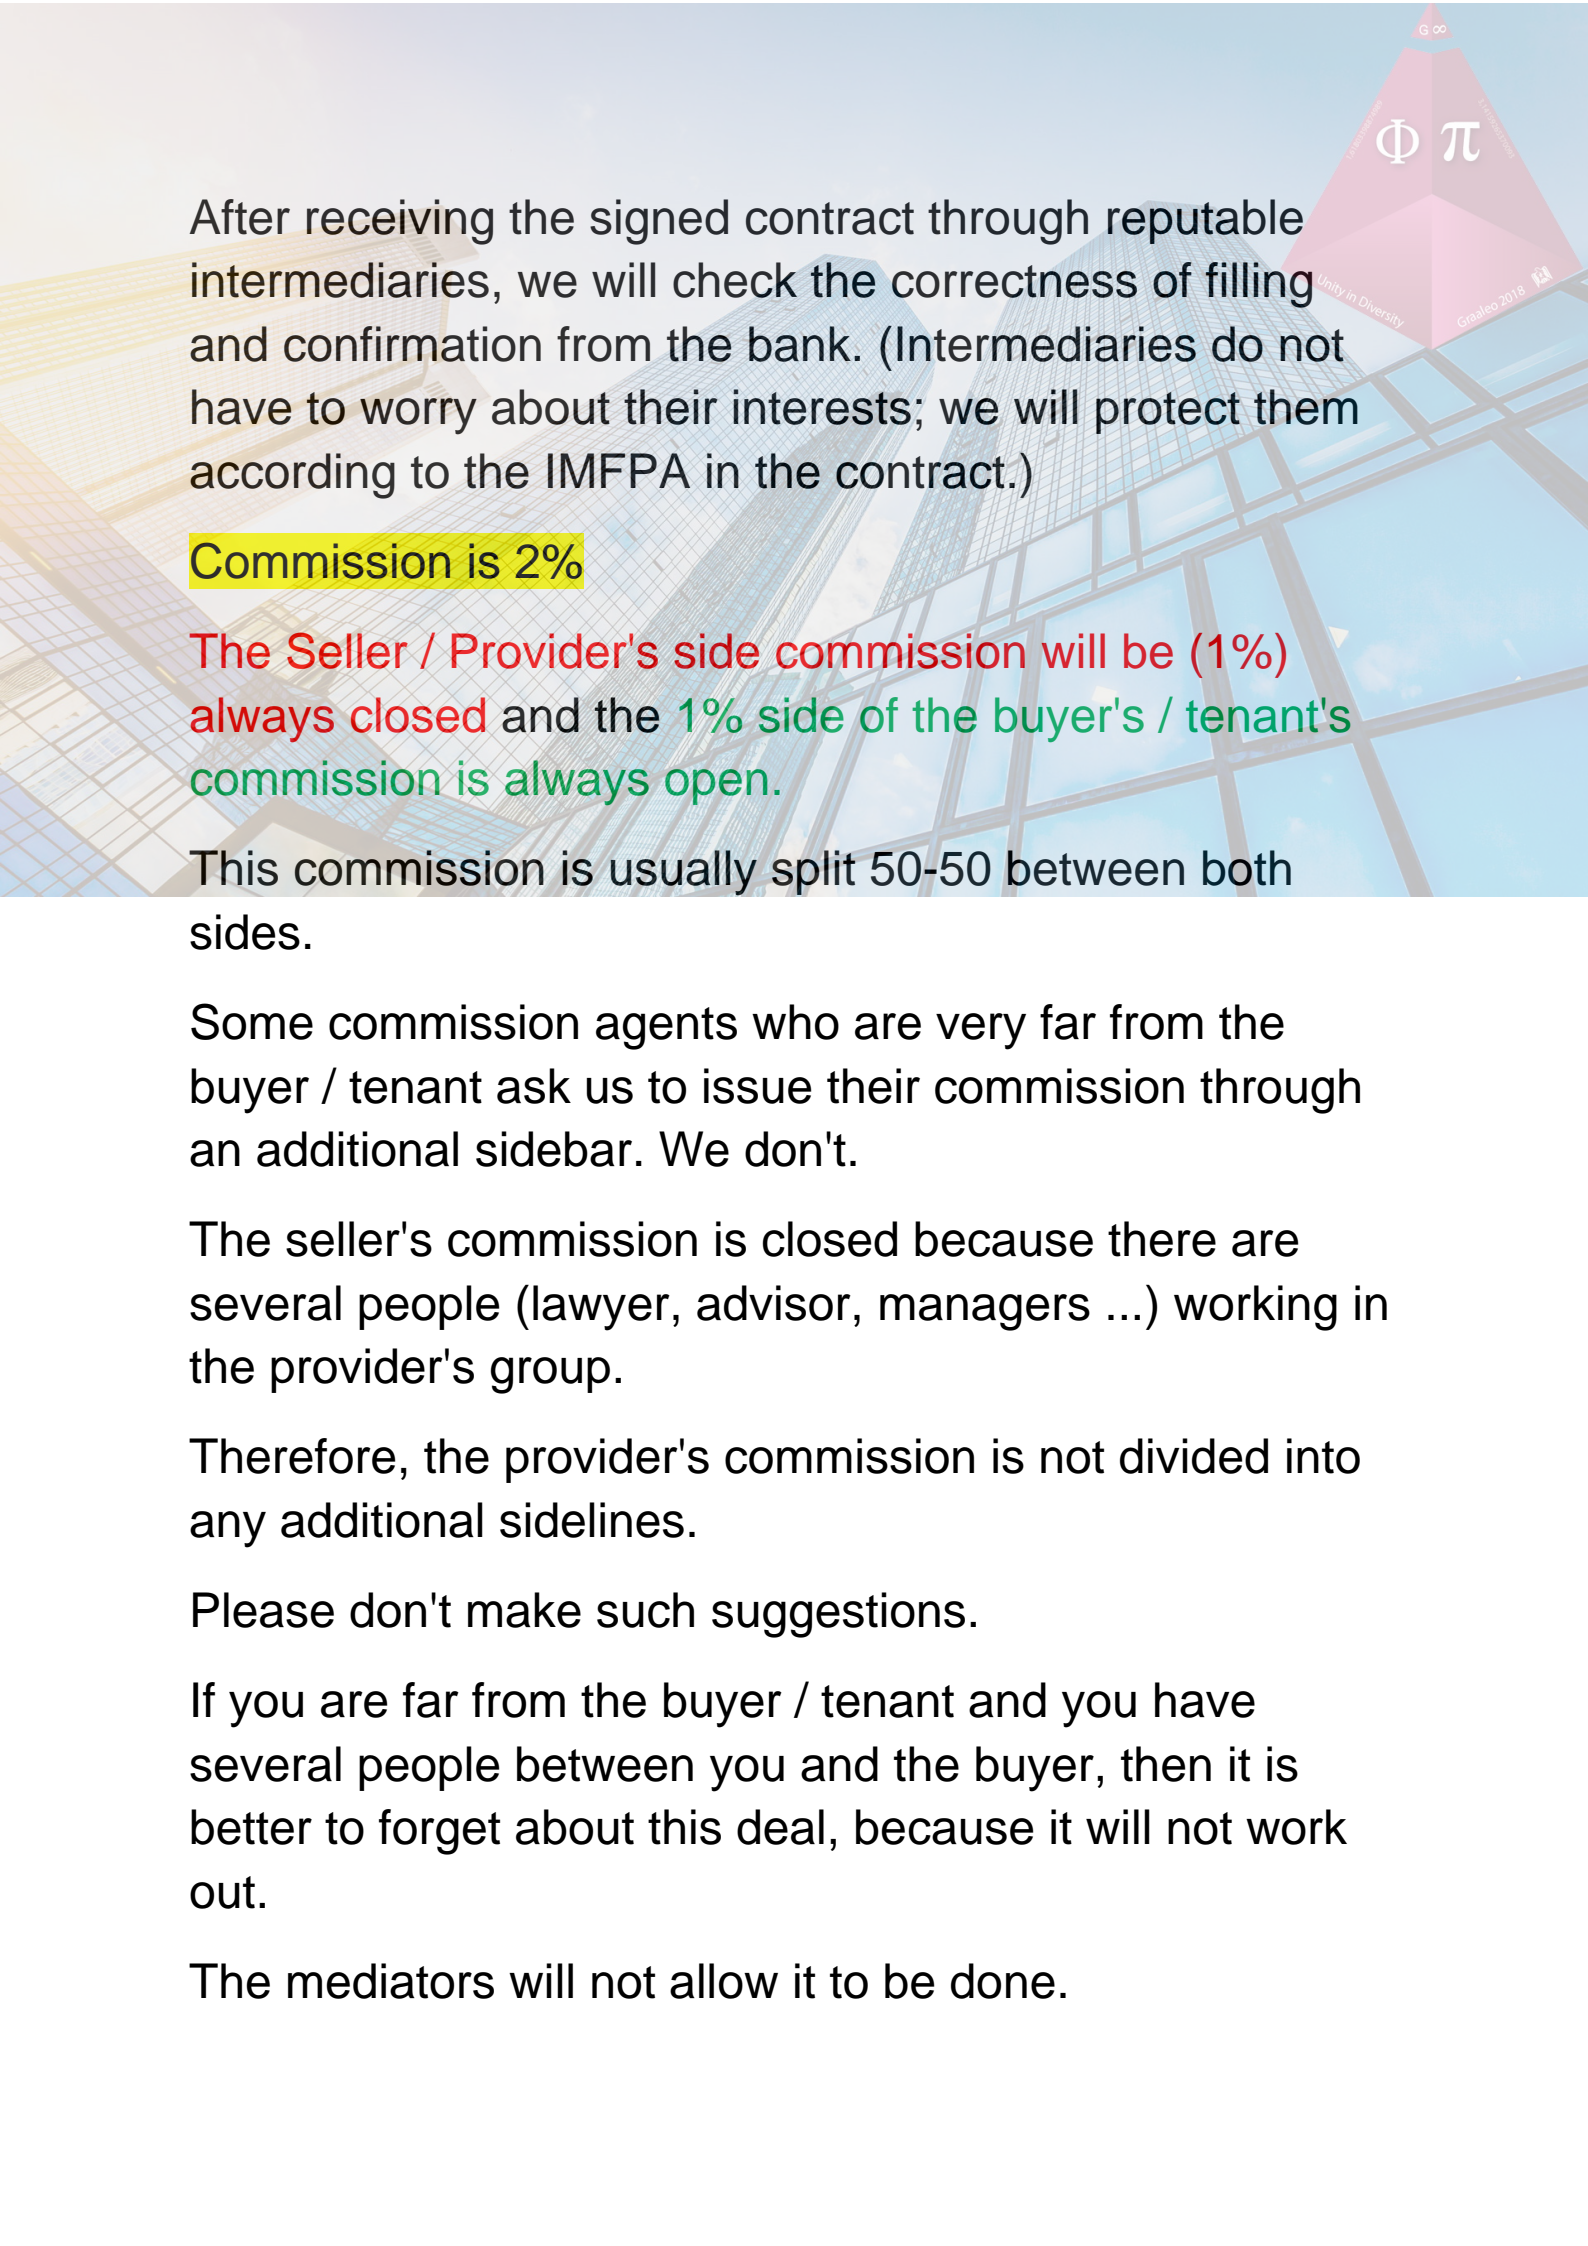

Contact your Bank employee to check the specified procedure in the contract that cannot be changed, and make sure that your bank is ready to perform them in accordance with the procedure (by signing a letter about this) Bank letter.

The letter must be signed by two officers and with barcode. Anything marked in yellow must be filled in or everything will be returned.

We will not accept any changes if you insist to try to convince us this will not happen, but will result in a waste of time.

We constantly encounter clients who cannot fulfill the terms of the contract.

The main reason for non-performance is the lack of availability of funds.

After receiving the signed contract through reputable intermediaries, we will check the correctness of filling and confirmation from the bank. (Intermediaries do not have to worry about their interests; we will protect them according to the IMFPA in the contract.)

Commission is 2%

The Seller / Provider's side commission will be (1%) always closed and the 1% side of the buyer's / tenant's commission is always open.

This commission is usually split 50-50 between both sides.

Some commission agents who are very far from the buyer / tenant ask us to issue their commission through an additional sidebar. We don't.

The seller's commission is closed because there are several people (lawyer, advisor, managers ...) working in the provider's group.

Therefore, the provider's commission is not divided into any additional sidelines.

Please don't make such suggestions.

If you are far from the buyer / tenant and you have several people between you and the buyer, then it is better to forget about this deal, because it will not work out.

The mediators will not allow it to be done.

The provider will not allow changes in cost and procedure.

Due Diligence The provider's department only works with the bank but may, if necessary, contact the buyer or tenant to clarify or further ask questions during this due diligence.

After a successful DD, the provider will sign DEED OF AGREEMENT and return it to the customer in PDF for submitting it to the bank, acceptance and starting work in accordance with the procedure.

A letter from his bank must be attached to this contract in which he writes that he is familiar with the contract and is ready to work with it for the release of BG.

Draft contract must be inserted into the letter Without this letter, the contract will not be accepted.

The letter must be signed by two officers and have a barcode.

We need up to 5 banking days to complete Due Diligence.

ICC can be accepted by the Buyer (500/600, format 758).

All standard BG / SBLC approved by ICC approved.

BG / SBLC The nominal order can be from EUR 250M up.

ATTENTION

We will only consider the full DEED OF AGREEMENT (BG / SBLC) without any changes. We strongly remind you that all pages are signed, where you need to put the stamps. Where marked in yellow must be filled.

Pay special attention to the Bank letter.

We remind you once again: In the provided contract, all pages are filled in without gaps and blots. If at least one of the pages is not completed, there will be no signatures or seals, the contract will not be considered.

Be extremely careful when filling out

We will not work with a larger chain of intermediaries this wasted time

We will not work with buyers offering their own treatments.

We appreciate your understanding so that you and we can avoid wasting time.

Your attention is truly valuable to us and we look forward to a fruitful business relationship.

Regards.

We remind you that opening a file with us must necessarily obtain the validation of our compliance service managed by Covaxan.
