

Unicom – Business Bridge

Welcome to Unicom.

We are specialized in the global server and financial markets such as PPP trade.

Among other things, we work with the Fed's programs for global economic development.

For some time I have represented a private banking company with headquarters in Dubai and offices in New York, Hong Kong, Mexico and Madrid, with more than twenty years of international experience.

I am pleased to introduce you to our services:

✓ Financial assets

- Usual fields of action: BG, SBLC, MTN, bond, cmo (collateralized mortgage obligation), CD, GCD (gold deposit certificate), SKR, iboe.

We manage the issue of your SKR and banking with guarantees of all types of assets, possibility of processing the issue and granting any type of banking instrument for your benefit.

✓ Investments

- PPP, Private Placement Programs.

PPPs are the best and safest high-return investment vehicles.

Actually, PPPs are not known publicly, the programs can be joined by invitation only, in according with current legislation.

✓ Own investment platform.

- Bank investments.

Selection of international private banking portfolio (mainly United Arab Emirates, Hong Kong, Luxembourg, United Kingdom, Singapore and Switzerland).

Personalized advice and possibility to sign the contract in the client's native language.

Unicom – Business Bridge

✓ Financing

We deal with all kinds of industrial operations: real estate or financial, we negotiate and monetize all kinds of financial instruments.

Swift and insurance wrap services (usually for funding or program access).

We operate in Ebics, Euroclear, DTC, server to server (s2s), swift mt103, bank draft (swift mt110), currency exchange, etc....

We finance the purchase and sale of crude or refined oil through letters of credit, letter of credit (LC) or letter of credit standby (SBLC).

We finance the construction of new works, the development of an industrial project and the acquisition of resorts and hotels through financial instruments or private capital.

We finance social, humanitarian and disaster development projects with sovereign guarantees and other financial instruments.
