You have the needs, we have the network

For moving your products from point A to point B, or your staff in sensitive terrain or elsewhere, Unicom World Group offers a turnkey service, tailor-made and managed by a single point of contact.

Business aviation, diplomatic team, armed escort and close protection: we provide a powerful network at the service of your development, with one goal — that every journey takes place in the best conditions of security, comfort and discretion.

Turnkey
A single point of contact, from first call to return.

Tailor-made
Each mission is designed around your needs and destination.

24/7
Coordination available at every stage of the journey.

Confidential
Absolute discretion on your travel and your goods.

The turnkey package

Four modules, which can be combined to suit your mission:

01

Business aviation
A Falcon-type business jet, or a specific aircraft tailored to your needs: passengers, valuable cargo or mixed missions.

02

Diplomatic team
A protocol team that prepares your meetings, facilitates your procedures and accompanies you with authorities and partners.

03

Armed escort
Where the situation requires, an armed escort with armoured vehicles, provided by forces or companies authorised in the country concerned.

04

Close protection
Security professionals who accompany you from the beginning to the end of your trip, with Bentley or Mercedes-type vehicles.

01 Business aviation

Travel at your own pace, discreetly, to the destinations of your choice.

Falcon-type business jet.

A cabin designed for work and rest.

The right aircraft

A Falcon-type business jet for your teams and clients, or a specific aircraft (cargo, long range) for your goods.

A tailor-made flight

Schedules of your choice, business airports close to your destination, multi-leg itineraries.

Comfort and on-board service

Spacious cabin, work and rest areas, catering according to your wishes.

Simplified formalities

Reception at business aviation terminals, assistance with formalities and coordination with ground teams.

02 Security & protection

Discreet, professional security, adapted to the risk level of each destination.

Prior assessment

Evaluation of the context and risks at the destination, preparation and reconnaissance of routes.

Close protection

Experienced security officers, present from departure to return, for your executives, teams and guests.

Armed escort and armoured vehicles

Deployed when the situation requires, by forces or companies duly authorised under the country's legislation.

Prestige vehicles

Transfers in Bentley or Mercedes-type vehicles, with drivers trained in security driving.

Permanent coordination

A mission manager reachable at all times, in contact with every team.

Contingency plans

Alternative routes and emergency solutions planned in advance for each stage.

03 Diplomatic support & logistics of goods

Your meetings facilitated, your valuable goods delivered securely.

Protocol reception

Preparation of official and business meetings, reception on arrival, on-site support.

Interpreters and facilitation

Interpreters, help with local procedures and introductions to authorities and partners.

Transport of valuables

Secure transport of valuable goods (precious metals, stones, documents), from departure to handover.

Formalities and insurance

Preparation of transport documents and customs declarations, insurance matched to the value of the goods.

Transfers in prestige vehicles, with drivers.

How a mission unfolds

1

Request

You tell us the destination, dates, people or goods to be transported.
